

ATTENTION!!!

Today at Mid-Winter Meeting we had Shawn Burtenshaw from Protect the Harvest speak to us about the CLD/ ELD Mandate. Please share the below information with your members regarding this detrimental issue in our organization.

Is your truck/ trailer rated for over 26,000 pounds? Then, under law you are currently required to obtain a Commercial Driver's License (CDL).

The ELD mandate will require Commercial Motor Vehicles (CMVs) to have an Electronic Logging Device (ELD), if:

- Vehicle has a gross vehicle weight rating (GVWR) of more than 10,000 lbs. and if you use your truck/ trailer for business purposes.
- If truck / trailer is written off as a business expense
- If you haul someone else's horse in your trailer and accept money
- If you haul a horse to a competition show with intent to win prize money, scholarship or awards

This issue is extremely URGENT as the comment period ends Feb 1st, 2018→ please get in contact with your state representative NOW!

What are we asking for: COMPLETE REVERSAL OF THE ENTIRE MANDATE

Take action NOW:

- Find your state representative at: <https://www.house.gov/>

Enter your zip code at the top of the page:

- Call, e-mail, AND write your representative DAILY!

Here is a video link from Protect the Harvest regarding the CLD/ELD mandate: <https://www.facebook.com/108486531190/videos/10154781563181191/>

Talking Points to consider when you call your State Representative:

- Share your personal story -- how this mandate is detrimental to you, your family and the organization
 - Shawn gave the example: having to say "sorry to your kids you can't rodeo because of the ELD mandate/ HOS regulations"
- Make it known that competing in rodeos/ NHSRA is THE vehicle to further our member's education through college scholarships. Rodeoing is how majority of our members put themselves through college with rodeo scholarships-- without rodeo, a financial burden is now on our kids to further their education.
- Bio security issues:

- Concern for animal's health/ spread of diseases at horse motels, parks because we have to stay somewhere overnight now
- Our horses are our private property, with the HOS regulations we are now told how we can use our property
- Economic Impact:
 - Cost of transportation will go up (forced hotel stays, horse motel boarding, etc.)
 - \$ in horse industry circulates 6X as much as any other industry (from trailer sales to tradeshow vendors selling tack, everyone in between) w/o rodeos this will go down → decreased \$ circulation w/o rodeo
- Time/Safety Issues:
 - Now forcing us to be on the road when hadn't plan to in order to fit into the logged 14 hrs → ex: can't take a 5-hour break if needed to because beating the continuous log clock
 - Drawn out trips → Usual 2-day weekend rodeo trips now turn into 3-4 days because of the HOS regulations
- Age restrictions for CLDs: limits our members from getting to rodeos

Attached is a letter to Donald Trump addressing the issue from the NHSRA that exemplifies the detrimental effects of the ELD mandate.
